The opening March weekend saw a dramatically lower box office than the same weekend in 2019. The 2019 opening March weekend saw the release of Captain Marvel, which alone earned over US3 million domestically that weekend, compared to the 2020 weekends biggest film, Onward, with around US million.2122 The next weekend saw the lowest total US box office intake since the October 30–November 1, 1998 weekend, with lower percentage drops than the weekend after 911, at US.3 million.3 Onward itself saw the biggest weekend-to-weekend drop of any Pixar film, making .5 million, though was still the weekends biggest film and the only one to make over million.3 On March 19, Walt Disney Studios and Universal Pictures announced that they would no longer report box office figures.23 Comscore therefore announced the next day that it would indefinitely suspend its reporting of box office estimates and charts.24 On March 26, 2020, after local transmission of the virus had dropped to 0% in China, movie theaters there began to re-open, with reports that 250–500 theaters were opening, but the next day authorities again closed all movie theaters in the country.2526

Other major films have postponed releases in certain countries. The Pixar film Onward, released on the opening March weekend, was not opened in the areas most affected by the coronavirus outbreak while cinemas were closed in China, it also chose not to open in South Korea, Italy or Japan.90 Other March 2020 releases A Quiet Place Part II and Mulan postponed their releases in affected areas, too. This prompted worry that, should March film openings underperform, blockbusters set for release in May specifically DisneyMarvels Black Widow and Universals F9 would move their dates later in the calendar.187 Mulan not opening in China, where it aimed to make most of its money, was particularly concerning,91 especially with the possibility that pirate copies will appear and prevent Chinese moviegoers from going to see it in cinemas when it is released.9 Comparatively, A Quiet Place Part II had not anticipated a large Chinese draw, as the box office for the first film in the country was only 10% of its total.7

Chinese regulators, as well as the U.S. National Association of Theatre Owners, have highly

discouraged film distributors from engaging in this practice, in defense of the cinema industry.145146 Trolls World Tour was released directly to video-on-demand rental upon its release on April 10,137 with limited theatrical screenings in the U.S. via drive-in cinemas.147 NBCUniversal CEO Jeff Shell told The Wall Street Journal on April 28 that the film had reached 0 million in revenue, and stated that the company had not ruled out performing releases in both formats as cinemas reopen.148149
